

A Shamanic Day of Power

WITH SANDEE MAC

Sandee is a Dowser and a Shamanic Practitioner with an extensive background rich in training from the latest leading edge modalities in human potential coupled with practices and techniques sourced in ancient wisdoms and indigenous traditions. She has traveled and studied in Peru and has received direct Shamanic initiation from the Elders of the Quero Indians, considered to be the last remaining descents and keepers of the spiritual secrets of the Ancient Inkas.

Are you ready to discover, gather and utilize Power from the realms and dimensions of the Shamans and Medicine People of Old? We will learn to open Sacred Space, request assistance from the Apus & Luminous Beings and learn the geography of the Three Worlds. We will learn to journey safely into the Lower World to do a Soul Retrieval, to recover and integrate lost parts of our Essential Self and then meet our powerful Spirit Helper. This Totem Animal will then always be available as a powerful resource for our work and spirit journeys.

Everyone has a Luminous Body that can be seen and definitely felt and, when appropriate, even released. We will learn how to compassionately assist our loved ones on their Final Journey because we will have already traveled there ourselves! This will be a memorable Day of Power, gaining valuable skills we can use again and again. Traditionally, these skills were only shared after many years of dedicated apprenticeship so don't miss this unique opportunity. Register now because space is limited. Please bring mats or pillows to lie on.
